

## SOCIAL INTERVENTIONS AND TRANSFORMATION

### CORPORATE SOCIAL RESPONSIBILITY

Being great in the provision of great real estate includes protecting the environment and supporting our communities. To make good on our commitments, we invest in a range of social initiatives and good causes that benefit our local communities.

### OUR COMMUNITIES ARE IMPORTANT

We believe in giving back to people living and working around our properties – and offering a helping hand to those who are less fortunate.

Our properties are more than just land and buildings – we create spaces where people can enjoy life and be the best they can in what they do.

### SOCIAL INITIATIVES

Each year, we host a wide variety of charity-focused social initiatives at retail centres across our local portfolio. These initiatives are planned well in advance by experienced managers and help to raise funds and create awareness about themes that benefit society.

Our various social initiatives are family-friendly events and activities designed to provide charitable assistance, information or entertainment for members of the communities around our properties.

We also believe in protecting the nature support the humane treatment of wildlife and domestic animals. Many of our centres run initiatives to assist the Society for the Prevention of Cruelty to Animals while others facilitate the removal of litter from the natural environment like beaches.

Special Olympics South Africa hosted a Young Athletes Day, in partnership with Emira to celebrate the 2023 International Nelson Mandela Day. The young athletes from the Sunshine Centre enjoyed playing sport, running, kicking and throwing.

The table below summarises the many social initiatives undertaken at Emira's directly held properties during the year:

### SOCIAL INITIATIVES IN FY2024 AT EMIRA'S DIRECTLY HELD PROPERTIES
